

Dear Donor,

Along with *Local Law Enforcement Agencies, EMS, HOSPITAL, & TRAUMA*, students from your local high school(s) will be implementing a program called Seatbelts Are For Everyone (SAFE).

SAFE is a teen traffic safety initiative designed to prevent serious injury and save lives in your community. This program is designed to increase seatbelt usage while promoting additional safety, i.e. underage drinking, distracted driving prevention, speed, etc. Each month students will be given a pledge card they can sign pledging to wear their seatbelt. Names will be drawn monthly from the signed pledge cards and prizes will be awarded. This is where you come in; we need financial support to implement this program.

We know economic times are a little difficult, but we cannot continue to lose our youth to senseless crashes. A city in western Kansas lost four youth in one crash, another county lost three youth in three separate crashes within six months, all unbuckled. This is just an example of what occurs within this state on regular basis. In contrast a county to the southeast started SAFE five years ago. They have had multiple rollover crashes and in almost all of these crashes, but the individuals were all buckled up and they all walked away.

Please donate to this lifesaving program, even a small amount. Thank You and we hope you will become part of SAFE!

Please contact \_\_\_\_\_ at \_\_\_\_\_  
to get more information or to donate to this program.
